Rasmussen's thesis won the Kathryn Ann Huggins Prize, the Perry Miller Prize and the Thomas Temple Hoopes Prize, Harvard's top undergraduate academic honor. The thesis is the basis for Rasmussen's first book, American Uprising: The Untold Story of America's Largest Slave Revolt. www.danrasmussen.net

A gripping and deeply revealing history of an infamous slave rebellion that nearly toppled New Orleans and changed the course of American history In January 1811, five hundred slaves, dressed in military uniforms and armed with guns, cane knives, and axes, rose up from the plantations around New Orleans and set out to conquer the city. Ethnically diverse, politically astute, and highly organized, this self-made army challenged not only the economic system of plantation agriculture but also American expansion. Their march represented the largest act of armed resistance against slavery in the history of the United States. American Uprising is

the riveting and long-neglected story of this elaborate plot, the rebel army's dramatic march on the city, and its shocking conclusion. No North American slave uprising—not Gabriel Prosser's, not Denmark Vesey's, not Nat Turner's—has rivaled the scale of this rebellion either in terms of the number of the slaves involved or the number who were killed. More than one hundred slaves were slaughtered by federal troops and French planters, who then sought to write the event out of history and prevent the spread of the slaves' revolutionary philosophy. With the Haitian revolution a recent memory and the War of 1812 looming on the horizon, the revolt had epic consequences for America. Through groundbreaking original research, Daniel Rasmussen offers a window into the young, expansionist country, illuminating the early history of New Orleans and providing new insight into the path to the Civil War and the slave revolutionaries who fought and died for justice and the hope of freedom.

illuminates the early history of New Orleans and provides new insight into the path to the Civil War and the slave revolutionaries who fought and died for justice and the hope of freedom.

Historian Daniel Rasmussen reveals the long-forgotten history of America's largest slave uprising, the New Orleans slave revolt of 1811.

On Easter Sunday in 1993, prisoners seized a major area of the prison at the maximum-security Southern Ohio Correctional Facility in Lucasville. More than 400 prisoners, including an unlikely alliance between two usually opposing gangs - the 'Aryan Brotherhood' and the 'Gangsta Disciples' - held L block for 11 days, during which nine prisoners alleged to have been informants and one hostaged correctional officer were murdered. Lucasville gives an in-depth account of the causes of the disturbance, what happened during the 11 days and the fairness of the trials that followed.

Presents an epic history that covers the period from the end of World War I through the 1970s, chronicling the decades-long migration of African Americans from the South to the North and West through the stories of three individuals and their families.

Post, Boston Globe, Globe and Mail, Publishers Weekly, and Indie bestseller lists. One of the most important stories of World War II, already optioned by Steven Spielberg for a major motion picture: a spectacular, searing history that brings to light the extraordinary accomplishments of brave Jewish women who became resistance fighters—a group of unknown heroes whose exploits have never been chronicled in full, until now. Witnesses to the brutal murder of their families and neighbors and the violent destruction of their communities, a cadre of Jewish women in Poland—some still in their teens—helped transform the Jewish youth groups into resistance cells to fight the Nazis. With courage, guile, and nerves of steel, these “ghetto girls” paid off Gestapo guards, hid revolvers in loaves of bread and jars of marmalade, and helped build systems of underground bunkers. They flirted with German soldiers, bribed them with wine, whiskey, and home cooking, used their Aryan looks to seduce them, and shot and killed them. They bombed German train lines and blew up a town’s water supply. They also nursed the sick, taught children, and hid families. Yet the exploits of these courageous resistance fighters have remained virtually unknown. As propulsive and thrilling as *Hidden Figures*, *In the Garden of Beasts*, and *Band of Brothers*, *The Light of Days* at last tells the true story of these incredible women whose courageous yet little-known feats have been eclipsed by time. *Judy Batalion*—the granddaughter of Polish Holocaust survivors—takes us back to 1939 and introduces us to Renia Kukielka, a weapons smuggler and messenger who risked death traveling across occupied Poland on foot and by train. Joining Renia are other women who served as couriers,

Access Free American Uprising The Untold Story Of Americas Largest Slave Revolt Daniel Rasmussen

armed fighters, intelligence agents, and saboteurs, all who put their lives in mortal danger to carry out their missions. Batalion follows these women through the savage destruction of the ghettos, arrest and internment in Gestapo prisons and concentration camps, and for a lucky few—like Renia, who orchestrated her own audacious escape from a brutal Nazi jail—into the late 20th century and beyond. Powerful and inspiring, featuring twenty black-and-white photographs, *The Light of Days* is an unforgettable true tale of war, the fight for freedom, exceptional bravery, female friendship, and survival in the face of staggering odds.

In a remarkable feat of historical detective work, David Robertson illuminates the shadowy figure who planned a slave rebellion so daring that, if successful, it might have changed the face of the antebellum South. This is the story of a man who, like Nat Turner, Marcus Garvey, and Malcolm X, is a complex yet seminal hero in the history of African American emancipation. Denmark Vesey was a charismatic ex-slave--literate, professional, and relatively well-off--who had purchased his own freedom with the winnings from a lottery. Inspired by the success of the revolutionary black republic in Haiti, he persuaded some nine thousand slaves to join him in a revolt. On a June evening in 1822, having gathered guns, and daggers, they were to converge on Charleston, South Carolina, take the city's arsenal, murder the populace, burn the city, and escape by ship to Haiti or Africa. When the uprising was betrayed, Vesey and seventy-seven of his followers were executed, the matter hushed by Charleston's elite for fear of further rebellion.

Compelling, informative, and often disturbing, this book is essential to a fuller understanding of the struggle against slavery.

“A magisterial and landmark work, one that merits wide and thoughtful readership not only by historians, but, more important, by those of us who count on historians to tell us truly about our past.”—New York Times “A testament to the resilience of the black spirit, faced with a primitive and largely conscienceless regime.”—Bertram Wyatt-Brown, *South Atlantic Quarterly* “This volume does much more than merely present a rich collection of judiciously selected and skillfully edited sources of the history of slavery; in the process it reveals a host of large-as-life slaves and ex-slaves: Kale, the precocious eleven-year-old Mende of the Amistad rebels, who quickly learned to write eloquent and polished English; Harry McMillan of Beaufort, South Carolina, who talked frankly of black love and marriage; Charlotte Burris of Kentucky, so ‘afflicted’ that her husband was permitted to buy her for only \$25.00—‘as much as I was worth,’ she self-effacingly said; and many more. This illumination of the slave as an individual is really what the book is all about.”—*Journal of Southern History* “A mammoth presentation of two centuries of slave recollections . . . extraordinary firsthand narratives that should become the premier reference volume on the slave experience for years to come.”—Columbia (SC) State “The largest collection of annotated and authenticated accounts of slaves ever published in one volume. . . . So valuable a compilation is this study that its real worth cannot be measured for some time to

Access Free American Uprising The Untold Story Of Americas Largest Slave Revolt Daniel Rasmussen

come.”—Richmond News Leader

Matt, a white quarterback from Montreal, Quebec, flies to France (without his parents' permission) to play football and escape family pressure. Freeman, a black football player from San Antonio, Texas, is in Paris on a school trip when he hears about a team playing American football in a rough, low-income suburb called Villeneuve-La-Grande. Matt and Free join the Diables Rouges and make friends with the other players, who come from many different ethnic groups. Racial tension erupts into riots in Villeneuve when some of their Muslim teammates get in trouble with the police, and Matt and Free have to decide whether to get involved and face the very real risk of arrest and violence.

In this Second Edition of this radical social history of America from Columbus to the present, Howard Zinn includes substantial coverage of the Carter, Reagan and Bush years and an Afterword on the Clinton presidency. Its commitment and vigorous style mean it will be compelling reading for under-graduate and post-graduate students and scholars in American social history and American studies, as well as the general reader.
