Black Sabbath was released on Friday the 13th, February 1970, and reached number 8 in the UK Albums Chart.Following its U.S. and Canadian release in May 1970 by Warner Bros. Records, the album reached number 23 on the Billboard 200, where it remained for over a year. The album was given negative reviews by many critics. Lester Bangs dismissed it in a Rolling Stone review as "discordant jams ...

Black Sabbath - *Wikipedia*

Thirty years ago today was the original release of one of the more polarizing albums in the history of Black Sabbath, that being Born Again. I was a recent Black Sabbath fan at that point. My original "onramp" to Black Sabbath was the Mob Rules album.

Considered by many to be the first heavy metal band, Black Sabbath was formed in 1968 by Tony Iommi, Ozzy Osbourne, Geezer Butler and Bill Ward. The band's original name was the Polka Tulk Blues Band (later shortened to Polka Tulk) and later on changed to Earth (12) before becoming Black Sabbath inspired by an Italian horror movie of the same name. The original line-up lasted until 1979, after ...

Black Sabbath appears as a large humanoid with a ...

A portrait of the heavy metal megaband by the author of When Giants Walk the Earth traces its members' shared Birmingham youth, their creative influences and the wrenching dynamics that led to their financial setbacks, breakup and reunion.

This ultimate guide to one of the world's most influential and enduring rock bands--dubbed by Rolling Stone as "the Beatles of heavy metal"--discusses and debates essential Black Sabbath topics and themes, providing a deeper appreciation and understanding of the band's members. Original.

John Darnielle describesMaster of Reality in the voice of a fifteen-year-old boy being held in an adolescent psychiatric center in southern California in 1985. The narrator explains Black Sabbath like an emissary from an alien race describing his culture to his captors: passionately, patiently, and lovingly.

The definitive history of the band that invented heavy metal—featuring rare photographs, a complete discography and an introduction by Robb Flynn. With its infernal sound and dark lyrics, Black Sabbath has been a force of nature for half a century. Its career spans eleven different line-ups and nineteen studio albums in addition to the twenty-eight solo albums of the original four members. The band began in 1968, playing blues rock on the cover circuit of Birmingham, England. But guitarist Tony Iommi, bassist Geezer Butler, singer Ozzy Osbourne, and drummer Bill Ward would soon define a new genre of music—and make themselves world famous. Joel McIver explores the complete history of Sabbath, from precursor bands to history-making albums and on to the present. With more than 150 photos, a gatefold family tree tracing the development of the band, a complete discography, and a foreword by Machine Head frontman Robb Flynn, this is the must-have book for any Sabbath fan.

Many bands may lay claim to inventing or popularising the term `heavy metal', but few would deny that Black Sabbath have defined the genre in the minds of many, and have come to embody its popular image. From the `classic' first decade with singer Ozzy Osbourne, through the Ronnie James Dio period and the oft-overlooked later albums, the Sabbath name has always been a trademark of quality, despite some less celebrated, though often fascinating, periods. To commemorate the final retirement of the band, lifelong devotee Steve Pilkington takes the reader through every song on every one of the band's studio albums, taking in the highs and occasional lows, as well as looking at the cover artwork and stories behind the albums. He also discusses live recordings and DVD releases. The result will surely be regarded as the most exhaustive guide to the band's music yet produced, as critical opinion rubs shoulders with facts, trivia and anecdotes to provide the ultimate guide to this legendary band. Whether you are a hard core fan, or simply want a guide to what lies beyond `Paranoid', this book is for you.

BLACK SABBATH FAQ: ALL THAT'S LEFT TO KNOW ON THE FIRST NAME IN METAL

Containing rare and previously unpublished material culled from Popoff's interviews over the last decade with all the principal members of the band - an exhaustive song-by-song, album-by-album trek through the Sab's 37-year history. Numerous one-on-one conversations with Ozzy, Tony, Geezer and Bill, as well as 10 interviews with Ronnie James Dio and additional interviews with supporting musicians make this full-colour retrospective a must-have for any fan. Rock on!

20 songs from these hard rock heroes arranged for ukulele! Complete with full lyrics, and easy-to-read chord boxes. Songs include: Children of the Grave * Die Young * Heaven and Hell * Iron Man * Lonely Is the Word * The Mob Rules * Paranoid * Snowblind * War Pigs (Interpolating Luke's Wall) * and more.

Joel McIver's acclaimed Black Sabbath biography, Sabbath Bloody Sabbath, concluded in 2011 that its subjects were at a crossroads. Could Ozzy, Tony, Geezer and Bill manage after over 40 years in business to get back together one more time? After all, the veteran heavy metal musicians were grieving for their fallen comrade Ronnie James Dio and about to face a devastating medical diagnosis for one of their own. McIver's brand-new, updated volume brings the story up to date with the tale of Sabbath's near-miraculous return to form with the Rick Rubin-produced 13 album, which topped charts worldwide on its release in 2013. In true Sabbath style, however, nothing went entirely to plan, with internal arguments, last-minute band-member replacements -- and a genuine fear that this may be Sabbath's very last shot at glory.
