A chord progression is just that – the pattern of chords in songs you play or write. Songwriters want to put chords together that sound good. More importantly they want chords that feel good...or sad...or angry, tense, moody, sexy, whatever! As songwriters, the chords you use and the way they're put together is important.

Chord Progressions: The Building Blocks of Hit Songs

We're using three-note chords called triads to craft these progressions — specifically major (no symbol), minor (displayed with a "-"), and diminished (displayed with a "°") triads. To keep things simple, we'll look at chords in the key of C, which means there are no sharps or flats (the black keys on the piano). So, here are our C major chords: C major (C, E, G) = I. D minor (D, F, A) = II-E minor (E, G, B) = III-
