cultural investments as a means or instrument to attain goals in other than cultural areas ' (p. 65). In broad terms, all cultural policy, and by extension all public policy, can be viewed as instrumental policy.

Cultural Policy in the UK

A cultural policy is like a contract between the government or organization that adopts it and the public. It says, " we will be guided by these values, principles, and agreements; they will shape our programs and hold us to our highest intentions. " Like a contract, it ' s up to the parties to enforce it.

2010 to 2015 government policy: arts and culture - GOV.UK

The study was commissioned to revise and bring up-to-date 'Cultural policy in Great Britain', 1970. A major development in the intervening period is the establishment of a parliamentary committee directly concerned with education and the arts. The published minutes of this committee furnish the public with a comprehensive and detailed account of government policy and public reactions.

different cultural traditions. Case studies of organizations in art, music, dance and drama examine the elements that contribute to effective arts management and policy making.

Understanding Cultural Policy provides a practical, comprehensive introduction to thinking about how and why governments intervene in the arts and culture. Cultural policy expert Carole Rosenstein examines the field through comparative, historical, and administrative lenses, while engaging directly with the issues and tensions that plague policy-makers across the world, including issues of censorship, culture-led development, cultural measurement, and globalization. Several of the textbook 's chapters end with a ' policy lab ' designed to help students tie theory and concepts

to real world, practical applications. This book will prove a new and valuable resource for all students of cultural policy, cultural administration, and arts management.

This book provides a broad overview of the development of Ibero-American cultural policy in an important and innovative way. This volume brings together specialists in the field, from different nations and disciplines, and provides the keys to understanding the different trajectories and experiences of some significant countries in the area on both sides of the Atlantic; the recent developments in this domain such as urban cultural regeneration policies and cultural development policies; and the dynamics of policy transfers such as cultural diplomacy. The book also

contrasts the applicability and the explanatory power of the idea of the family of nations for the analysis of cultural policy with models inspired by the welfare regimes. This book allows international researchers an overarching view of the peculiarities and the latest achievements in the field of Ibero-American cultural policy. This book was originally published as a special issue of the International Journal of Cultural Policy.

Cultural policy intersects with political, economic, and socio-cultural dynamics at all levels of society, placing high and often contradictory expectations on the capabilities and capacities of the media, the fine, performing, and folk arts, and cultural heritage. These expectations are articulated, mobilised and contested at

– and across – a global scale. As a result, the study of cultural policy has firmly established itself as a field that cuts across a range of academic disciplines, including sociology, cultural and media studies, economics, anthropology, area studies, languages, geography, and law. This Routledge Handbook of Global Cultural Policy sets out to broaden the field 's consideration to recognise the necessity for international and global perspectives. The book explores how cultural policy has become a global phenomenon. It brings together a diverse range of researchers whose work reveals how cultural policy expresses and realises common global concerns, dominant narratives, and geopolitical economic and social inequalities. The sections of the book address cultural policy 's relation to

core academic disciplines and core questions, of regulations, rights, development, practice, and global issues. With a cross-section of country-by-country case studies, this comprehensive volume is a map for academics and students seeking to become more globally orientated cultural policy scholars.

How have cultural policies created new occupations and shaped professions? This book explores an often unacknowledged dimension of cultural policy analysis: the professional identity of cultural agents. It analyses the relationship between cultural policy, identity and

Read PDF Cultural Policy In The United Kingdom

professionalism and draws from a variety of cultural policies around the world to provide insights on the identity construction processes that are at play in cultural institutions. This book reappraises the important question of professional identities in cultural policy studies, museum studies and heritage studies. The authors address the relationship between cultural policy, work and identity by focusing on three levels of analysis. The first considers the state, the creativity of the power relationship established in cultural policies and the power which structures the symbolic order of cultural work. The second presents community in the cultural policy process, society and collective action, whether it is through the creation of institutions for arts and heritage

Read PDF Cultural Policy In The United Kingdom

profession or through resistance to state cultural policies. The third examines the experience of cultural policy by the professional. It illustrates how cultural policy is both a set of contingencies that shape possibilities for professionals, as much as it is a basis for identification and identity construction. The eleven authors in this unique book draw on their experience as artists and researchers from a range of countries, including France, Canada, United Kingdom, United States, and Sweden.

Non-technical analysis of how cultural industries contribute to economic growth and the policies required to ensure cultural industries will flourish.

The concept of sustainable development is commonly divided

Read PDF Cultural Policy In The United Kingdom

into environmental, economic, social and cultural dimensions. While a variety of international actors have declared the importance of culture in sustainable development, jointly articulating this clearly has been difficult. For example, the Sustainable Development Goals (SDGs) that were adopted by the UN General Assembly in September 2015 contained only the most fleeting mention of culture. None of the SDGs referred directly to the case for integrating culture into sustainable development planning and decision-making. The role of cultural policy has remained unclear. This book contributes to a better understanding of the role of culture in achieving sustainability, focusing on the particular roles for cultural policy in this context. Cultural sustainability is conceptualised as the sustainability

Read PDF Cultural Policy In The United Kingdom

of cultural and artistic practices and patterns, and to the role of cultural traits and actions to inform and compose part of the pathways towards more sustainable societies. The links between culture and sustainable development are analysed in ways that articulate and contemplate different roles for cultural policy. The contributors take up the concerns and perspectives of international, national, and local authorities and actors, illuminating ways in which these multi-scale efforts both intersect and diverge. This book was originally published as a special issue of the International Journal of Cultural Policy.
