Title: An Elementary Spanish ReaderAuthor: Earl Stanley HarrisonLanguage: Spanish

An Elementary Spanish Reader: Large print by Earl Stanley Harrison The increasing study of Spanish in high schools and colleges has made necessary the preparation of a text of a simpler character than those now in common use.In the present text, especially in the first selections, the language has been simplified so that reading may be begun at a very early stage in the pupil's work. It has not been considered necessary to supply notes, as the matter is simple and the vocabulary furnishes all necessary information. All verb forms occurring in the text, whether regular or irregular, are given in the vocabulary. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.
