This book will be a valuable companion for clinics and teaching sessions and an indispensable revision primer for graduate entry medical curricula.

Ear, Nose and Throat (ENT) surgery has traditionally been a difficult and specialised topic in undergraduate medicine and for junior doctors. Many textbooks are too detailed for undergraduate use, or lack self assessment questions to help those wishing to underpin their learning. This concise and easy-to-read self-assessment guide aims to clarify the topic, and find and fill gaps in understanding. The multiple choice questions (MCQs) contained cover all levels of knowledge and the learning objectives of most of the UK medical school curricula, aiding preparation for end of unit, module and final exams for ENT. This book will be a valuable companion for clinics and teaching sessions and an indispensable revision primer for graduate entry medical curricula. 'An excellent means of preparation for medical undergraduate examinations as gaps in core knowledge are quickly revealed. Further, this text is a good guide for students to identify those subject areas requiring more focused study, especially when time is short.' - From the Foreword by Samir Soma

MCQs for ENT: Specialist Revision Guide for the FRCS is a key resource for candidates preparing to sit the FRCS (ORL-HNS). It contains over 300 single best answer questions and over 70 extended matching questions to help candidates prepare for all aspects of ENT they may face in this challenging exam. Written by expert consultants who have succeeded in the exam, this resource provides comprehensive coverage of theory and practice, including new questions on challenging topics such as electroneurography and voice clinic procedures, and questions on rare topics such as oropharyngeal cancers. All answers have full explanations, providing candidates with high-quality self-assessment in order to maximize exam success. Providing a thorough assessment of the reader's ENT knowledge, this is an essential revision book for any candidate facing the FRCS ORL-HNS exam.

The Diploma in Otolaryngology - Head & Neck Surgery (DOHNS) is now an intercollegiate examination, and can count towards membership of one of the surgical colleges of Great Britain. The DOHNS has evolved to fit its new role, leaving little up-to-date material available for candidates preparing for the written component. This book by former DOHNS candidates meets that need, focusing on topics that are likely to be examined. Each answer is accompanied by an explanation using current evidence-based research wherever possible. This will be an essential revision text for all DOHNS candidates.

Ear, Nose and Throat at a Glance provides a highly-illustrated, accessible introduction to this practical but complex topic, which is increasingly encountered in every-day outpatient settings, as well as surgical departments. Each double-page spread diagrammatically summarises the basic science relating to each anatomical area, outlines practical guidelines on the examination of patients, and provides an overview of the most common disorders and diseases. This brand new title in the best-selling at a Glance series features high-yield

information on all the topics covered at medical school, and includes: Advice on clinical skills, practical examinations and procedures, such as otoscopic examinations, and tuning fork tests Comprehensive illustrations showing anatomy and mechanisms of hearing Assessment, management and treatment of both chronic and acute conditions ENT trauma and emergencies Multiple Choice Questions (MCQs) and Extended Matching Questions (EMQs) to help test learning Ear, Nose and Throat at a Glance is the ideal companion for anyone about to start the ENT attachment, or 'special senses' rotation, and will appeal to medical students and junior doctors, as well as nurses, audiologists and other health professionals.

This book of multiple choice questions in otolaryngology has been specifically compiled for postgraduate medical students wishing to specialize in otolaryngology, but should also be useful to medical undergraduates with an interest in the subject. Cross-references throughout to the 6th edition of Scott-Brown's 'Otolaryngology' make these books the ideal package for all medical trainees wishing to enter this specialty.

This multi-authored text on Periodontology and Oral Implantology, written by leading authorities in the subject of Periodontology in the country, will cater to the needs of the undergraduate and postgraduate dental students, dental hygienists and private practitioners alike. It is a comprehensive text on the etiopathogenesis, diagnosis and management of periodontal diseases at all stages of severity and in combination with other phases of dental care. Based on the new syllabus prescribed by the Dental Council of India, the book discusses all the modern aspects of clinical periodontology. This book Includes topics like Pulpo-Periodontal Involvement, Systemic Effects of Periodontal Diseases, and Infection Control Protocol, thereby sufficing the coverage of revised DCI syllabus. Also discusses chapters like Periodontal splints , Risk factors & Host response in detail as per the revised DCI syllabus. Also there is emphasizes on understanding the clinical phenomena in terms of underlying tissue changes, thereby, correlating basic sciences with clinical aspects of periodontal disease and various therapeutic measures currently in use. It also covers recent advances in eriodontology with special emphasis on oral implantology.

The book aims to help all students preparing for various postgraduate entrance examinations and all the undergraduate students preparing for their professional examinations. Postgraduate students can also use it for a quick revision of ENT concepts

The final specialist exam taken by ENT surgeons is the Fellowship of the Royal College of Surgeons (Otorhinolaryngology - Head and Neck Surgery): the FRCS (ORL-HNS). It is usually taken towards the end of the 6-year specialist registrar (SpR) training and consists of two parts: multiple choice question (MCQ) papers and a clinical section. This book is a revision aid for the MCQ papers and is divided into two sections: Single Best Answer (SBA) and Extended Matching Item (EMI) questions. It will be essential reading for any candidate for this exam.
