Manual

Entrepreneurial Finance: Concepts and Cases addresses issues that are often overlooked in traditional finance textbooks, namely, how to handle the unique financial challenges faced by start-ups and small businesses. The book is

Online Library

Entrepreneurial Finance 4th

structured around seven modules or

building blocks designed to be taught across a full semester with natural break points built into each chapter within the modules. The building blocks present macro-concepts which are explored in greater detail in each of the chapters. A starting chapter provides guidance about

Entrepreneurial Finance 4th

the use of cases for students and a

concluding chapter delivers information about how to win business plan

competitions. Each concept is illustrated

by a short case, and followed by

thoughtful questions to enhance learning.

The cases, previously unpublished, are

written by an international group of

Online Library

Entrepreneurial Finance 4th

experienced case writers from the field of finance, and deal with real companies, real problems, and currently unfolding issues.

A case teaching manual geared to finance in general, and short cases in particular, is provided for the instructor and includes specific tips, techniques, and activities for each case in the text. Written for upper
