who stumbled into Carl's path, giving them their name, becoming their advocate, and putting herself in the middle of an avalanche of conspiracy theories. Months later, April's friends are trying to find their footing in a post-Carl world. Andy has picked up April's mantle of fame, speaking at conferences and online; Maya, ravaged by grief, begins to follow a string of mysteries that she is convinced will lead her to April; and Miranda is contemplating defying her friends' advice and pursuing a new scientific operation—one that might have repercussions beyond anyone's comprehension. Just as it is starting to seem like the gang may never learn the real story behind the events that changed their lives forever, a series of clues arrive—mysterious books that seem to predict the future and control the actions of their readers—all of which seems to suggest that April could be very much alive. In the midst of the search for the truth and the search for April is a growing force, something that wants to capture our consciousness and even control our reality. *A Beautifully Foolish Endeavor* is the bold and brilliant follow-up to *An Absolutely Remarkable Thing*. It is a fast-paced adventure that is also a biting social commentary, asking hard, urgent questions about the way we live, our freedoms, our future, and how we handle the unknown.

A deeply moving and insightful collection of personal essays from #1 bestselling author John Green. The Anthropocene is the current geologic age, in which humans have profoundly reshaped the planet and its biodiversity. In this remarkable symphony of essays adapted and expanded from his groundbreaking podcast, bestselling author John Green reviews different facets of the human-centered planet on a five-star scale—from the QWERTY keyboard and sunsets to Canada geese and Penguins of Madagascar. Funny, complex, and rich with detail, the reviews chart the contradictions of contemporary humanity. As a species, we are both far too powerful and not nearly powerful enough, a paradox that came into sharp focus as we faced a global pandemic that both separated us and bound us together. John Green's gift for storytelling shines throughout this masterful collection. *The Anthropocene Reviewed* is an open-hearted exploration of the paths we forge and an unironic celebration of falling in love with the world.

Winner of the Orange Prize for Fiction In the spring of 1946, Evelyn Sert stands on the deck of a ship bound for Palestine. For the twenty-year-old from London, it is a time of adventure and change when all things seem possible. Swept up in the spirited, chaotic churning of her new, strange country, she joins a kibbutz, then moves on to the teeming metropolis of Tel Aviv, to find her own home and a group of friends as eccentric and disparate as the city itself. She falls in love with a man who is not what he seems when she becomes an unwitting spy for a nation fighting to be born. *When I Lived in Modern Times* is "an unsentimental coming-of-age story of both a country and a young immigrant . . . that provides an unforgettable glimpse of a time and place rarely observed" (Publishers Weekly, starred review).

Starting her new life, Abigail moves to small town and buys a fixer-upper house left empty when old Edna Summers died. Once it was also home to Edna's younger sister, Emily, and her two children, Jenny and Christopher, who, people believe, drove away one night, thirty years ago, and just never came back. But in renovating the house Abigail finds scraps of paper hidden behind baseboards and tucked beneath the porch that hint the three could have been victims of foul play. Then she finds their graves hidden in the woods behind the house and with the help of eccentric townspeople and ex-homicide detective, Frank Lester, she discovers the three were murdered. Then she and Frank try to uncover who killed them and why—but in the process awaken the ire of the murderer. *** murder, murder mystery, thriller, suspense, ghosts, romance, homicide, Kathryn Meyer Griffith, investigation, small town, cozy mystery, mystery
