Post-Truth | The MIT Press

Post-truth is a problem, and as McIntyre argues, you cannot address a problem until you understand it. Post-truth, he argues, has its roots in science denialism and post-modernism. Add to this some of our cognitive biases as well as a fractured media landscape and you have the recipe needed for a post-truth era.

Amazon.co.uk:Customer reviews: Post-Truth (MIT Press ...

Post-truth is a philosophical and political concept for "the disappearance of shared objective standards for truth" and the "circuitous slippage between facts or alt-facts, knowledge, opinion, belief, and truth". Post-truth discourse is often contrasted with the forms taken by scientific methods and inquiry. The term garnered widespread popularity, in the form of "post-truth politics", in the period around the 2016 United States presidential election and the Brexit referendum. It was named Word
